

Armco Safety Corner Posts

Save time – Save cost – Improve safety

Features & Benefits

- I Beam posts at corners providing increased strength over traditional pressed steel solutions
- Single post design – reducing cost by over 50%
- Single post design provides 50% reduction of installation and fixings costs
- External corner posts highly visible – improving safety & awareness with bright yellow corner terminals
- Internal corner posts cleverly marries the Armco rails neatly into the I Beam post – a neat, tidy & clean solution
- ArmcoSAFE corner posts will transform the ‘look & feel’ of your installation as well as saving you time & money.
