

Product Overview

Reliable solutions for all industries

Plastic Pallets

Product highlights for efficient pallet logistics

SL Pallet

Robust and lightweight

- Single shot moulded
 - Three runner pallet with low weight
 - Height of only 120 mm
-
- Options: - Rims

SL1
1200 × 800 × 120 mm
Standard colours: ■

D Pallets

From light weight to heavy duty loads

- Excellent price/performance ratio
- Variety of options
- D2: a real alternative to the Dusseldorf pallet

- Options: - Rims
- Reinforcement profiles
- Anti-slip plugs

D2
800 × 600 × 160 mm
Standard colours: ■

D1
1200 × 800 × 150 mm
Standard colours: ■

D3/D3-5
1200 × 1000 × 150 mm
Standard colours: ■

CS Pallets

Multi-talented across many industries

- Ideal for bagged goods, cardboard packaging and other packed goods
- Combines numerous proven product features
- Variety of equipment options

- Options: - Rims
- Reinforcement profiles
- Welded runners

CS1
1200 × 800 × 150 mm
Standard colours: ■

CS3
1200 × 1000 × 150 mm
Standard colours: ■

H Pallets

A benchmark in hygiene

- Europe's No.1 hygiene pallet with welded runners
- Standard in the meat industry for more than 20 years
- EURO H1: only plastic pallet with comprehensive exchangeability
- Black version: with unwelded runners. Ideal for medium loads in non-food areas

- Options: - Rims

H2
800 × 600 × 160 mm
Standard colours: ■

EURO H1
with central box retainers
1200 × 800 × 160 mm
Standard colours: ■

H1
1200 × 800 × 160 mm
Standard colours: ■ ■

H3
1200 × 1000 × 160 mm
Standard colours: ■ ■ ■

CR Pallets

Maximum performance in premium quality

- Bestselling pallet with RFID technology
- Best quality for complex applications
- Ideally suited for high rack warehouses and automated processes

- Options: - Rims
- Reinforcement profiles

CR2
800 × 600 × 160 mm
Standard colours: ■

CR1
1200 × 800 × 160 mm
Standard colours: ■ ■ ■

CR3/CR3-5
1200 × 1000 × 160 mm
Standard colours: ■ ■ ■ ■

CR4/CR4-5
48 × 40 × 5.9" (1219 × 1016 × 150 mm)
Standard colours: ■ ■ ■ ■

TC Pallets

The benchmark in the closed pallet market

- Totally Closed – permanently completely closed for heavy duty applications
- Patented welding geometry
- Heavy duty hygiene pallet
- Compatible with all closed pallets in the market

- Options: - Rims
- Reinforcement profiles

TC1
1200 × 800 × 160 mm
Standard colours: ■ ■ ■ ■ ■

TC1 Palgrip®
1200 × 800 × 160 mm
Standard colours: ■ ■ ■ ■ ■

TC3/TC3-5
1200 × 1000 × 160 mm
Standard colours: ■ ■ ■ ■ ■

TC3/TC3-5 Palgrip®
1200 × 1000 × 160 mm
Standard colours: ■ ■ ■ ■ ■

L Pallets

The ultimate logistics plastic pallet

- Ideal for intralogistics processes
- Compatible with new and old systems
- EURO L1®: identical in construction to a wooden Euro pallet

- Options: - Rims
- Reinforcement profiles

EURO L1®
1200 × 800 × 150 mm
Standard colours: ■

L3®
1200 × 1000 × 160 mm
Standard colours: ■

Pallet Lids

Stackable and precise fit

- Suitable for use with all standard reusable boxes
- Minimise product damage, protect shipment
- ESD versions protect against damage of electric discharge

- Options: 

Pallet Lid
800 × 600 mm
Universal Version
Standard colours: ■ ■

Pallet Lid
800 × 600 mm
CR2 Version
Standard colours: ■ ■

Pallet Lid
800 × 600 mm
D2 Version
Standard colours: ■ ■ ■

Pallet Lid
1200 × 800 mm
Standard colours: ■ ■ ■

Pallet Lid
1200 × 1000 mm
Standard colours: ■ ■ ■ ■ ■

Pallet Collar

Easy, foldable handling

- 100% PE, no other materials (e.g. metal)
- Volume flexibility as use is adjustable to transport volume
- Increased vehicle fill (double or triple stacking)

- Options: - Rims

CC1
1220 × 815 × 300 mm
Standard colours: ■

Palgrip Craemer plastic pallets are available with Palgrip® anti-slip coating on the top deck and / or under the runners as standard or optionally.

 Equipping Craemer plastic pallets with RFID transponders (UHF, HF) turns them into information carriers with huge potential for the entire supply chain.

 The material used for Craemer ESD pallets is modified with additives, offering reliable protection and making them an ideal supplement for conductive boxes.

*Depending on type and version, Craemer plastic pallets are available with various rim options, corrosion-protected reinforcement profiles, welded runners or Palgrip® anti-slip coating.

Standard colours:
 ■ Light grey □ White
 ■ Basalt grey ■ Red brown
 ■ Dark grey ■ Black
 ■ Light blue

 Craemer Plastic Pallets are food grade depending on version.

Large Load Carriers

High volume and robust

Pallet Boxes

CB Pallet Boxes

High volume. Robust. Food grade.

- One-piece injection-moulded, 3 moulded runners
- Robust and economic
- Ideal for the daily handling in numerous industries
- Lid: protects the cargo, minimises product damage. Secure hold due to latching.

CB1 470 I
1200 × 800 × 740 mm
Standard colours: ■■■■■■

CB3 610 I
1200 × 1000 × 740 mm
Standard colours: ■■■■■■

CB3 High ~1000 I
with runners
1200 × 1000 × 1140 mm
Standard colours: ■■■■■■

CB3 High ~1000 I
with feet
1200 × 1000 × 1140 mm
Standard colours: ■■■■■■

CB1 470 I
for dangerous goods,
with lashing straps and lid
UN-4H2
1200 × 800 × 740 mm

CB3 610 I
for dangerous goods,
with lashing straps and lid
UN-4H2
1200 × 1000 × 740 mm

Lid CB1
1236 × 836 mm
Standard colours: ■■■■■■

Lid CB3
1237 × 1036 mm
Standard colours: ■■■■■■

SB Pallet Boxes

Extremely robust

- Manufactured in single mould with 3 runners or 9 feet, solid or fully perforated version
- Excellent stability due to thick walls and bottom and one-piece runners/feet moulding
- Euro stacking system for compatibility with a variety of other pallet boxes
- Lid: protects the cargo, minimises product damage. Secure hold due to latching.

SB3 610 I
with runners and
closed sides
1200 × 1000 × 790 mm
Standard colours: ■■■■■■

SB3 610 I
with runners and
perforated sides
1200 × 1000 × 790 mm
Standard colours: ■■■■■■

1200 × 1000 × 790 mm
Standard colours: ■■■■■■

Lid SB3
1218 × 1018 mm
Standard colours: ■■■■■■

HB Pallet Boxes

Hygienic and extremely robust

- First and only completely closed pallet box
- Cavity and rib-free construction, welded runners and rounded shape provide no surface for bacteria to settle
- Maximum impact and breakage resistance
- Euro stacking system for compatibility with a variety of other pallet boxes
- Lid: protects the cargo, minimises product damage. Secure hold due to latching.

HB3 580 I
1200 × 1000 × 790 mm
Standard colours: ■■■■■■

Lid HB3
1218 × 1018 mm
Standard colours: ■■■■■■

Plastic Containers

Large Containers

210–400 l

- Ideal for storage and transport
- Nestable, forklift accessible
- Smooth walls

Large Container 210 l
Accessories:
Lid, trolley
790 × 605 × 685 mm
Standard colours: □

Stack & Nest Container 300 l
1200 × 780 × 630 mm
Standard colours: ■

Large Container 400 l
Accessories:
Lid, trolley
945 × 725 × 830 mm
Standard colours: □

Universal Containers

210–400 l

- Ideal for various applications
- Facilitate a safe and clean transportation

Universal Container / Grit Bin 210 l
Accessories:
Lid or hinged lid
790 × 605 × 685 mm
with lid 775 mm
Standard colours: ■ ■

Universal Container / Grit Bin 400 l
Accessories:
Lid or hinged lid 945 × 725 × 830 mm
with lid 930 mm
Standard colours: ■ ■

Plastic Containers

First-class quality for various applications

Transport and Stacking Boxes

25–80 l

- Reliable and hygienic safety
- Extremely versatile
- Robust and resilient

Stacking Box 25 l
475 × 340 × 220 mm
Standard colours: □

Stacking Box 55 l
750 × 445 × 200 mm
Standard colours: □

Transport Box 40 l
730 × 480 × 180 mm
Standard colours: □

Transport Box 80 l
760 × 500 × 320 mm
Standard colours: □

Round Container

20–200 l

- Ideal for mixing, storing and transporting of goods
- Perfectly tailored to the requirements of hygiene-sensitive application areas
- Durable, robust quality

Bin 40 l
Accessories:
Lid, trolley
Ø 420 × 445 mm
Standard colours: □

Bin 50 l
Accessories:
Lid, trolley
Ø 420 × 540 mm
Standard colours: □

Bin 75 l
Accessories: Lid or
snap-on lid, trolley
Ø 515 × 530 mm
Standard colours: □

Bin 110 l
Accessories: Lid or
snap-on lid, trolley
Ø 515 × 733 mm
Standard colours: □

Bin 200 l
Accessories:
Lid, trolley
Ø 730 × 670 mm
Standard colours: □

Bucket 20 l
Ø 380 × 280 mm
Standard colours: □

Bucket 30 l
Ø 380 × 420 mm
Standard colours: □

Tub 65 l
Accessories: Lid
Ø 590 × 330 mm
Standard colours: □

Tub 85 l
Accessories: Lid
Ø 628 × 385 mm
Standard colours: □

Trough

100 l

- Ideal for many application areas, e.g. as portable washing trough or mixing trough
- Available with or without drain opening

Trough 100 l
with drain and plug
Accessories:
Table or wall frame
980 × 550 × 310 mm
Standard colours: □

Trough 100 l
Accessories:
Table or wall frame
980 × 550 × 310 mm
Standard colours: □

Large Container

125 l

- Ideal for storage and transport
- Smooth walls

Large Container 125 l
Accessories: Lid
505 × 505 × 715 mm
Standard colours: □

Stack & Nest Boxes / Fish Boxes

10–50 kg / 15–75 l

- Long lifetime, high manufacturing quality
- Break resistant, impact resistant
- Stackable, nestable, high volume reduction

Stack & Nest Box / Fillet Box 10 kg / 15 l
600 × 400 × 125 mm
Standard colours: ■

Stack & Nest Box / Fillet Box 15 kg / 20 l
600 × 400 × 150 mm
Standard colours: ■

Stack & Nest Box / Fish Box 30 kg / 32 l
Accessories: Lid
600 × 400 × 225 mm
Standard colours: ■■

Stack & Nest Box / Fish Box 20 kg / 35 l
800 × 450 × 190 mm
Standard colours: ■□

Stack & Nest Box / Euro Fish Box 25 kg / 40 l
Accessories: Lid
800 × 400 × 225 mm
Standard colours: ■□

Stack & Nest Box / Fish Box 40 kg / 60 l
800 × 450 × 270 mm
Standard colours: ■□

Stack & Nest Box / Fish Box 50 kg / 75 l
890 × 560 × 235 mm
Standard colours: ■□

Craebox 50 kg / 70 l
813 × 483 × 220 mm
Standard colours: □

Containers for the Construction Industry

20–200 l

- Suitable for use in various trades
- Heavy quality with high wall thickness
- TÜV tested (FMK and D-SMK)

Bucket 20 l
Ø 380 × 280 mm
Standard colours: ■

Bucket 30 l
Ø 380 × 420 mm
Standard colours: ■

Mortar Tub 90 l
Accessories: Trolley
Ø 628 × 385 mm
Standard colours: ■

Mortar Tub (D-SMK) 90 l
with coated tubular steel frame,
Accessories: Trolley
Ø 628 × 385 mm
Standard colours: ■

Ready Mortar Skip (FMK) 200 l
990 × 665 × 490 mm
Standard colours: ■■■

Universal Trough

45 l

- Ideal for various applications
- Facilitates a safe and clean transportation

Universal Trough 45 l
910 × 700 × 90 mm
Standard colours: ■

Poultry Transport Crate

90 l

- Integrated door on the top
- Good ventilation characteristics
- Stackable

Poultry Transport Crate 90 l
840 × 495 × 295 mm
On request
Standard colours: ■

*No compatibility between versions 1.1 and 1.2. Please contact the service team for further information.

Standard colours:

- Light grey
- Basalt grey
- Black
- Blue
- Blue
- White

- Red
- Red brown
- Yellow

The containers shown in this row are food-grade.

Further products

Highest quality for different applications

System Solutions

Flexible systems for various applications

- Craemer pallets in combination with a Craemer lid and sleeve system
- Usable with all Craemer pallets with a 22 mm outside rim
- Available in different heights and wall thicknesses
- Volume reduction for ideal transportation of empties
- Safe transport of bulky goods as well as boxes of different sizes (e.g. spare parts commissioning)

Securing Reels

Solutions for storage and transport

- Suitable for use with CR, H, CR, CR and H pallets
- One-piece solution underneath the load
- Maximum of 4 reels / pallet
- Flat loading of goods from both sides

CC1 Pallet Collar

Returnable packing solution for all industries

- Usable for different packing heights
- Stackable on top of each other
- Different rim options available depending on the use with only pallets or also pallet lids
- Easy and ergonomic installation and dismantling thanks to self-locking clips on each long side
- Repairable due to interchangeable parts

Palgrip

Ready for all challenges.

Original Palgrip® pallets from Craemer offer unparalleled smoothness and stability on roller or chain conveyors. The abrasion-resistant anti-slip plates provide excellent slip resistance on the deck or under the runners. The high quality Palgrip® grain structure ensures an absolutely secure hold even in inclined conditions. Palgrip provides an all-round reliable solution to your logistical requirements. Only available from Craemer.

- The Palgrip® anti-slip coating is resistant to cold and heat, from -30°C to +40°C.
- Compared to common plastic surfaces, Craemer Palgrip® anti-slip plates offer absolute slip resistance even in high humidity thanks to their high quality grain structure.
- The unique Palgrip® anti-slip plates are made from high quality PE and are permanently part of the deck
- The anti-slip runners will last the lifetime of the pallet.
- Even in an inclined position, your load remains static on the pallet deck.

Your Advantages

with Craemer Plastic Pallets

The more complex the application, the higher the performance requirements for load carriers. Various characteristics of Craemer plastic pallets facilitate this allegedly „simple“ and often underestimated product to run smoothly and reliably in a variety of application areas.

- Extremely long lifetime allows high number of pallet trips
- Processing of only pure materials for long-term, maintenance-free use
- High economic efficiency
- Low levels of deflection with high loads
- Excellent running smoothness on conveyor systems and in automated warehouses
- High manufacturing quality, precision and accuracy thanks to innovative design and high-quality production process
- Temperature resistant from deep freezing to extreme heat
- Dimensionally stable due to use of UV stabilizers

High-quality welding connections

Non-abrasive Palgrip® anti-slip coating

Robust runner connections

Corrosion-protected reinforcement profiles

Welded runners for conveyor technology

Numerous rim options

Material

Craemer stands for quality and sustainability

Craemer focuses on quality and sustainability. This begins with the general orientation of manufacturing durable and reusable products using only pure, high-quality PE that has been tested to high quality standards.

Craemer plastic pallets, pallet boxes and plastic boxes are therefore all made from high-quality PE. This material offers high impact resistance, stability and durability. Compared to other plastics, PE can be used without breakages, even at low and sub-zero temperatures. It is highly resistant to acids, alkaline solutions and chemicals.

Redemption at the end of the pallets useful service life

Sustainable and future-oriented management of natural resources is our mission. This is why our responsible interaction with the environment includes the withdrawal of products from circulation due to their age, or as soon as they are no longer in good working order.

For Craemer products, that takes a long time (our customers' pallets have been in use for 10 years or more), but even for Craemer products, there comes a time to renew the old. Just contact us and we'll be happy to help. It is a good contribution to sustainable trade to start the recycling life-cycle again with this high-grade material.

Colours and Labelling

Flexibility for your colour management

Need a special colour? No problem, we offer a large range of standard and special colours. All Craemer products can of course also be personalised with lettering, logo and sequential numbering. (All custom requirements may be subject to minimum order quantities and production positioning. Details available upon request.)

The following labelling options are available:

- Logo (hot stamping)
- Lettering (hot stamping)
- Sequential numbering (hot stamping)

Example: Logo (hot stamping)

Example: Lettering (hot stamping)

Quality Assurance

with In-house Testing Facilities

When planning and implementing product inspections, Craemer draws on its in-house expertise: Almost all the necessary testing facilities are available in our own laboratories. During the incoming goods inspection, product testing and initial sample inspection, our qualified team ensures that all items are of the required quality. For special tests or product certifications, we are in close contact with various external testing institutes.

Active inspections plastic products

- General appearance, processing
- Ageing tests
- Pressure tests
- Bending tests
- Dynamic load tests (ball drop tests, corner drop tests)
- Weight inspections
- Hardness tests
- Climate tests
- Inspections by attributes and measures
- Practical tests (Roller conveyor tests, fork lift and lift truck tests)
- All types of special audits
- Static load tests
- Visual inspections
- Tensile tests and strength testing

Wetting bath

Corner drop test
